

“The IdeaPaint Potential”

Substantial Savings on:
Material cost, man-hours to replace, life-expectancy of product, integrity of your substrate

Economical

Foot for foot, IdeaPaint is the least expensive commercial dry-erase product on the market.

Talk about easy! Save time in labor and cost on materials when you use the existing worn out whiteboard (ideal smooth surface) and re-coat it with BETTER PERFORMING IdeaPaint!

Flexible and Seamless

One thing that makes the patented paint so special is that you can create a write-able and erase-able surface of any scale...

Create a whole wall...

Re-coat worn out whiteboards...

Paint dorm room walls for students to keep track of projects and expand creativity...

It's up to you!

Good for the Environment

- ❖ *The most environmentally friendly dry-erase product available.*
- ❖ *The raw materials needed to produce (and transportation resources needed to ship) IdeaPaint are minimal.*
- ❖ *We conform to all U.S. EPA regulations and have passed the newest air quality standards set by California!*
- ❖ *We don't contribute waste to the landfill- just paint over it if the space is repurposed.*

Highest Performing

IdeaPaint beats every other dry erase surface on all performance measures:

*It's the cleanest to erase the **first** time*

AND

Withstands ghosting and staining the best!!
